### Fiscal Year 2005 Budget Message

June 3, 2004

Now that our budget hearings and deliberations are complete, and some very difficult decisions have been made, We, the Allegany County Commissioners, are pleased to present our Fiscal Year 2005 Operating & Capital Budget. Last year we coped with the loss of \$3.2 Million in revenue and increased expenses due to a variety of state imposed cuts such as Highway User Fund, non-reimbursement of circuit breakers along with a substantial rise in health insurance costs. This year has seen even deeper cuts from the state and an even graver prediction of state reductions realized and some yet to be imposed.

Currently, we are looking at \$2.8 Million in lost revenue while our total operating budget will increase by only 4.4%. This growth amounts to only \$4.5 Million this year. We rank 11<sup>th</sup> of the 23 counties for both our state income tax rate and real property tax rate. The General Fund will increase to \$65 Million (up 3.5%) due mainly to a 27% increase in expenses at the Detention Center, a \$2.0 Million transfer to Highway Fund, increased appropriation of \$454,000 to the Visitor's Bureau along with significant increases in employee benefits, Sheriff's Department and 911 operations. Even with the prospect of decreased

revenue and increased expenses we are pleased to announce that no taxes have been raised and no fees increased for our residents. The citizens of Cumberland will be happy to see a return to the tax differential setoff that will effectively provide a direct reduction to each Cumberland taxpayer.

The County appropriation to the Board of Education will be \$25,630,000 and debt service payment of another \$1.6 Million. In addition, Allegany County has taken action to provide \$10 Million toward planning, design and completion of a new western regional high school. The appropriation for Allegany College of Maryland will remain at \$5,575,000 with \$629,000 in debt service and support for the culinary café at the Gateway Center Building. We will see the first full year of paper gaming revenues that should provide some \$423,000 toward education and \$141,000 additional for fire and rescue services. We provide 29 services to the citizens of the area not offered by any municipality that utilizes \$49.7 Million of the General Fund.

We had hoped that action would have been taken by the Legislature to address the state deficit; to resolve the issues of future revenue sources. Unfortunately, again this year the counties have provided the source of additional revenue for the state because the state has taken and withheld significant monies from each county. With the cooperation of the Legislature we hope that the major issues that created a stumbling block this year will be resolved and the counties will not continue to shoulder this burden.

We believe this budget reflects our firm commitment to Allegany County's future. With well-defined direction and continued efficient management of our resources, we are optimistic that Allegany County has a promising future with opportunities to offer a growing community. We present the FY05 Budget with the hope of a bright and prosperous year for the county.

County Commissioners of Allegany County, Maryland

James J. Stakem, President

Robert M. Hutcheson, Commissioner

#### ALLEGANY COUNTY FY 2005 BUDGET INTRODUCTION AND POLICY INFORMATION JUNE 3, 2004

#### **Introduction**

The purpose of this section is to explain the scope, format, process, and content of the Allegany County budget. The following will assist the reader in understanding the budgetary concepts and comments upon which the budget is based.

#### Website Information

This information is available on the internet at <u>WWW.GOV.ALLCONET.ORG</u> under finance. The Finance Department maintains an EMAIL address to answer your questions and concerns at <u>FINANCE@ALLCONET.ORG</u>. Please contact us not only with your questions but also with any areas in which you think Finance can improve on the presentation of this document or any other issue.

#### Scope of the Budget

The County budget is a financial plan of expenditures for the fiscal year (July 1 – June 30), and the means of financing them. The annual budget provides historical, current, and future comparisons of revenues and expenditures. The budget must be adopted by June 30th each year as required by the Allegany County Code. As required by the State of Maryland, a constant yield hearing must be held if the County intends to enact a tax rate above the constant yield tax rate.

#### **Budget Format**

The budget document is organized into the following funds:

- The General Fund is the general operating fund of the County. This fund is used to account for all financial resources except those required to be accounted for in another fund. The primary sources of funds in the General fund are property taxes, income taxes, other local taxes and intergovernmental revenues. The major activities supported are general government, public safety, public works and education.
- Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. The County Special Revenue Funds are:

<u>Highway Fund</u> – the Highway Fund accounts for the cost of maintaining the County's Road System. The major source of revenue is state highway user taxes. The State of Maryland retained some \$1.3 million of state highway user taxes in FY2004 and the County has been notified \$1.1 million will be retained by the State of Maryland in FY2005.

<u>Coal Haul Roads Fund</u> – this fund accounts for taxes levied on mined coal which are locally restricted for repairing those roads used in transporting coal.

<u>Transit Fund</u> – the Transit Fund accounts for the operation of public transit system. The primary sources of revenues are federal and state revenues.

Gaming Fund - this fund accounts for the proceeds and appropriations of paper gaming operations

Office of Children, Youth & Families – this fund accounts for revenue received from the State, which is Federal pass-through money for Children, Youth & Families. The revenue is restricted.

<u>CDBG Fund</u> – this fund accounts for revenues received from the Department of Housing and Urban Development. These revenues are restricted to accomplish the various objects of CDBG programs.

<u>Block Grant Program Income Fund</u> – program income from Community Development Block Grants, which are restricted to block grant type programs, are recorded in this fund.

<u>Community Development & Housing</u> – the fund accounts for federal grants restricted for low income housing programs as well as various other state and local housing programs administered by the County.

<u>Drug Task Force Fund</u> – this fund accounts for federal and state grants and local seizure revenues that are used to prevent the distribution and manufacture of illegal drugs.

<u>Revolving Building Fund</u> – the building fund is used to account for financial activity arising from economic development efforts to locate businesses in the County and any revenue derived from those efforts.

<u>Public Safety Fund</u> – primarily, this fund accounts for the receipt and distribution of State Section 508 funds to the various County fire and rescue organizations.

- The **Debt Service Fund** is used to account for the payment of principal and interest on all general obligation debt not recorded in the enterprise funds. The major revenue sources to fund the transfers from other funds to cover debt service payments are taxes in the **General Fund** and rent income from the **Revolving Building Fund**.
- The Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities, (other than those financed by enterprise funds). The County Capital Project Funds are:

Non-Industrial Development Capital Improvement Project Fund – this fund accounts for non-industrial development capital projects that are funded by various sources including federal and state grants.

<u>Pay-As-You-Go Capital Reserve Fund</u> – this fund is used to accumulate resources for future capital projects and is funded by transfers from the General Fund and other sources.

<u>Public Improvement Bonds</u> 1998 Capital Projects Fund – the proceeds of the 1998 Public Improvement Bond are accounted for in this fund.

<u>Public Improvement Bonds 2001 Capital Projects Fund</u> - the proceeds of the 2001 Public Improvement Bond are accounted for in this fund.

<u>Public Improvement Bonds 2004 Capital Projects Fund</u> – the proceeds of the 2004 Public Improvement Bond are accounted for in this fund. These bonds are expected to be issued by December 31, 2004.

• The Enterprise Funds are used to account for activities, which are similar to those often found in the private sector. Enterprise fund measurement focus is upon determination of net income, financial position, and changes in financial position. The County Enterprise funds are:

<u>Allegany County Nursing Home Fund</u> – this fund accounts for the operation of the County Nursing Home with resources being provided from user charges paid either by the patient or Medicaid/Medicare on behalf of the patient.

<u>Water Districts Fund</u> – this fund accounts for the service charges received for providing water service to the water districts operated by the County.

<u>Sanitary Districts Fund</u> – service charges from 14 sewer districts are accounted for in the County's Sanitary District Fund.

<u>County Loan Fund</u> – the loan fund accounts for the loan activity between the County and various agencies, including the County's enterprise funds.

Time Carre

#### Budget Review

During the budget process, requests from departments are reviewed by the Director of Finance in the following areas: 1) whether revenues are projected accurately, not overstated or understated; 2) whether there are other revenue sources that can be accessed or increased; 3) whether the demand and workload support additional staff or supplies; 4) whether the mathematical calculations are correct; 5) whether efficiencies could realize a reduction in expense; and 6) whether the stated objectives and associated cost to achieve them are in line with the spending priorities of the Board of County Commissioners. The specific steps taken to prepare FY 2005 budget were as follows:

#### **Budget Calendar:**

May 6 to 17, 2004

June 3, 2004 June 3, 2004

#### **RESERVES**

Total Operating Fund Balance – Based upon advice from bonding agencies and as recommended by the Government Finance Officers Association, Allegany County will maintain reserves at a minimum level equal to five percent (5%) of budgeted total operating expenditures and at least seven percent (7%) of the budgeted General Fund expenditures. If an emergency exists that requires the reserves to fall below the minimum level, a plan of action to replenish the balance up to the minimum level shall be prepared and approved by the Board. Conditions that shall be considered as emergency shall be at the sole discretion of the County Commissioners. As of June 30, 2004, the County's "Rainy Day" amount is planned to be \$5,000,000 which is 5% of the total FY 2005 Operating Budget of \$98,721,109. The \$5,000,000 represents an increase of \$371,500 being applied to the FY 2005 Budget. Also, the \$5.0 million "Rainy Day" amount is the equivalent to 2.67 weeks of cash flow, excluding capital projects. This represents almost a 0.07 day increase from FY 2004.

#### **DEBT**

This process is intended to be used for the purpose of making recommendations to the Board regarding the issuance of debt. It is understood that the Board of County Commissioners makes the final decision.

- 1. Allegany County will not use long-term debt to finance current operations.
- 2. The economic benefits of purchase vs. lease purchase vs. straight lease will be reviewed at the time of acquisition for routine purchases. These installments, if used, will not exceed five years in duration.
- 3. Allegany County will use long-term debt to finance capital improvement projects that cannot be financed from current revenue sources or which logically should be paid for by multiple generations of taxpayers.
- 4. The total general obligation debt service of the Allegany County general fund will not exceed eleven percent (11%) of the total general fund revenue, thirteen percent (13%) of the total operating budget and will not exceed ninety percent (90%) of the debt affordability model. Debt for all other enterprise funds will be issued after a case-by-case determination that debt service can be paid from the enterprise fund without general fund supplement.

- 5. Debt for obligations having a duration of five years or less may be funded through the use of short-term notes if the County Administrator and Director of Finance advise that (A) the projected interest rates relative to the costs associated with bonded debt issuance are to the advantage of the County, and (B) such analysis is made at each renewal.
- 6. Construction projects having debt obligations of more than five years may, on the advice of the County Administrator and the Director of Finance, be funded through short-term notes during construction to be followed by longer term bonding when the project is completed. The County Administrator and the Director of Finance may use the advice of financial counselors in determining appropriate debt issuance in each instance.
- 7. All General Obligation Bonds will be issued with all maturities and interest rates subject to a formal competitive bid process unless the Board of County Commissioners directs otherwise.
- 8. Absent compelling arguments on a case-by-case basis, all General Obligation Bonds will be issued with a call feature with the exception of special assessment bonds. The Board of County Commissioners must approve exceptions.
- 9. Revenue Bonds underwriting services will be solicited from all major and local investment banking firms. All firms expressing an interest in providing the service will be allowed to participate in the process individually or as part of a group. Firms will be allowed to submit multiple proposals individually or as a part of one or more groups. Individual bids, multiple bid proposals, and any combination of these beneficial to the county will be evaluated by the County Administrator, the Director of Finance and the affected department and recommended to the Board for approval.
- 10. Investment of capital funds will be done by the Director of Finance in a manner consistent with the County Investment Policy dated May 1996.
- 11. All bonds will be financed for a period not to exceed the expected useful life of the project.
- 12. No bonds will be issued which provide for balloon principal payments at the end of the term of issuance.
- 13. No bonds will be issued involving variable-rate debt.
- 14. Allegany County will maintain good communication with bond rating agencies about its financial condition and will follow a policy of full disclosure on every financial report and bond prospectus. Current bond ratings are Standard and Poor (A-) and Moodys (Baa1).
- 15. For each issue of debt, Allegany County will consult bond counsel and/or a financial advisor.

#### CAPITAL IMPROVEMENT PROGRAM

Improvements to the County's capital assets normally require a large expenditure of resources. The large, up-front expenditures benefit the County and its citizens by extending the life of these assets for many years. Decisions regarding the financing of these capital improvements impact the availability of resources for on-going operations and the County's ability to fund additional capital improvements in the future. Funding decisions must therefore be made in light of short- and long-term resources and coincide with the life and cost of the assets involved.

The following describes the financial policies that guide decisions related to capital improvements:

1. The County Commissioners are committed to balancing the need for maintaining the County's capital assets while providing on-going, direct services to the citizens. The County's capital inventory will not be neglected in an effort to maintain current operations.

- 2. The County is committed to balancing the need for capital improvement projects based upon its ability to finance the improvements within existing short- and long-term resources. The issuance of debt to finance capital improvements is predicated on the ability of the County to service the debt over the life of the issue.
- 3. Financing decisions relating to capital improvements must balance the use of pay-as-you-go financing (current resources) versus long-term financing options (issuing debt). To the extent practical, the use of current revenue to finance capital improvement projects reflects the County's intent to show purposeful restraint when incurring long-term debt. In the same regard, financing decisions should consider the useful life of capital improvements and spread the costs of the improvements over their useful lives. This ensures that those that benefit from them pay for the improvements.
- 4. The County Commissioners promote and encourage the leveraging of resources to maximize efforts for capital improvements. This includes participation in intergovernmental programs and the issuance of debt to finance capital improvements.
- 5. Capital improvement decisions will consider and accommodate the impact of operating and maintenance costs to ensure the ability and capacity to maintain the capital asset. To this end, the Capital Improvement Budget will be considered concurrently with the Operating Budget.

#### The criteria for inclusion in the Capital Plan are:.

- A. Construction of a new or expanded facility which requires a significant expenditure of funds;
- B. Large scale rehabilitation or replacement of existing facilities;
- C. Acquisition of land for a community facility such as a street or building;
- D. The cost of engineering or architectural studies and services related to public improvement;
- E. Purchase of equipment for public improvements when they are first erected or acquired;
- F. Major pieces of equipment which are expensive and have a relatively long period of usefulness; and
- G. Capital items which should normally be on a replacement schedule but require a large one-time outlay to establish a schedule or bring a schedule up-to-date.

Allegany County will be the premier community in our region to live, work and play. To achieve this, we will be responsive to our citizens and other stakeholders through effective communication, efficient delivery of core services, management of available resources, development of new resources and innovative utilization of staff, technology and partnerships.

## Allegany County Mission Statement

The mission of Allegany County government is to provide core services and programs to improve the quality of life for its citizens and other stakeholders. The county must be a strong regional leader in promoting and facilitating commerce, economic growth, quality education, and community development. Further, we must endeavor to utilize our fiscal and human resources to develop and implement accessible, cost effective, high quality services, which must be improved and enhanced through employment of emerging technologies, methods, and ipartnerships.

County business must be conducted in an open professional and ethical manner with the overall good of the community as its goal. Citizens are valued customers and as such, their concerns and input must guide our efforts and they must be treated in a timely, equitable and respectful manner.

County employees are our greatest resource. They must be treated as valued members of the organization and receive the training and support necessary to excel at their jobs.

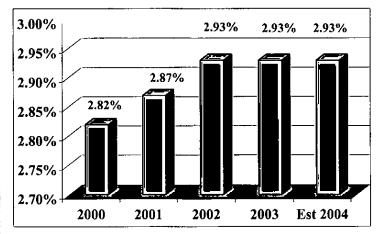

### **Primary General Fund Revenue Rates**

The Board Of County Commissioners Is Providing The Following Information To Assist
The Taxpayers In Better Understanding Where County Tax Revenue Comes From

Multiplied By The Combined Tax Rate	\$1.1327 b
<b>Total Property Taxes Due</b>	\$1,133
Less: 1% Property Tax Discount	(10) c
<b>Total Taxes Paid Less Discount</b>	\$1,123

a For State And County real property tax purposes, real property is valued at market or "full cash value." Effective as of Ocotber 2000, real property is assessed at 100% of its cash value. All property is physically inspected once every three years and any increase in full cash value arising from such inspections is phased in over the ensuing three taxable years in equal installments by the Maryland Assessment and Taxation Office.

b Combined tax rate is broken down into \$1.0007 and \$0.1320 respectively for County and State

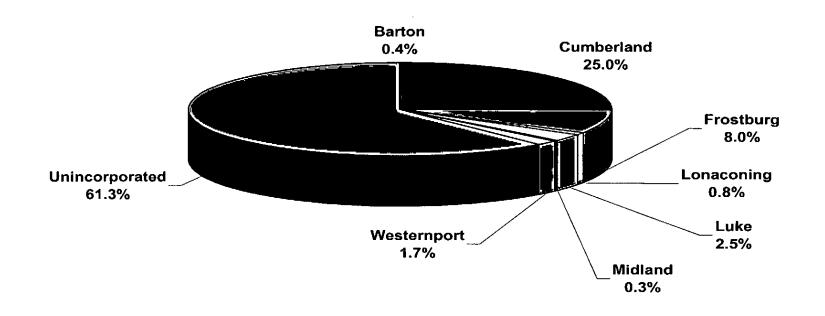

c Allegany County offers a 1% early payment discount for full year -taxes paid in July or August. No discount is offered by the State on State property taxes.

Note: The Above Example Is For Non-Municipal Properties And Properties In Non-Special Taxing Areas

# Allegany County Organization Chart 2005

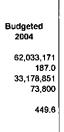

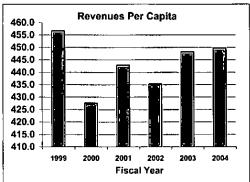

#### FY 2005 Budget Indicators

#### Revenue Per Capita

	1999	2000	2001	2002	2003
Gross Operating Revenues	53,753,058	54,726,888	58,597,550	58,299,617	61,459,452
Consumer Price Index	165.4	170.8	176.6	178.9	183.3
Gross Operating Revenues	32,498,826	32,041,504	33,180,946	32,587,824	33,529,434
Current Population	71,162	74,930	74,930	74,864	74,798
Gross Operating Revenues Per Capita	456.7	427.6	442.8	435.3	448.3

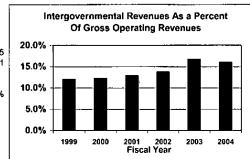

#### Description:

Examining per capita revenues shows changes in revenues relative to changes in population size and rate of inflation. As population increases, it might be expected that revenues and the need for services would increase proportionately, and therefore that the level of per capita revenues would remain at least constant in real terms. If per capita revenues are decreasing, the government may be unable to maintain existing service levels unless it finds new revenue sources or ways to save money. This reasoning assumes that the cost of services is directly related to population size.

#### Intergovernmental Operating Revenues

	1999	2000	2001	2002	2003	Budgeted 2004
Intergovernmental Operating Revenues	6,448,156	6,691,737	7,566,563	8,014,101	10,304,740	9,942,305
Gross Operating Revenues	53,753,058	54,726,888	58,597,550	58,299,617	61,459,452	62,033,171
Intergovernmental Operating Revenues As A						
Percent Of Gross Operating Revenue	12.0%	12.2%	12.9%	13.7%	16.8%	16.0%

#### Description:

Intergovernmental revenues are revenues received from another governmental entity. Dependence on such revenues can be harmful. If federal or state governments struggle with their own budgetary problems and cut back funding to local governments, then these cutbacks could force the local government to either to reduce the program, eliminate it, or fund it out of the general fund.

#### **Property Tax Revenues**

	-	•		Budgeted			
	1999	2000	2001	2002	2003	2004	
Property Tax Revenues Consumer Price Index	24,974,964 165.4	26,028,928 170.8	26,205,688 176.6	26,949,364 178.9	26,823,761 183,3	26,580,883 187.0	
Property Tax Revenue In Constant Dollars	15,099,736	15,239,419	14,839,008	15,063,926	14,633,803	14,216,961	
Growth Rate in Constant Dollars	3.6%	0.9%	-2.6%	1.5%	-1.4%	-5.6%	

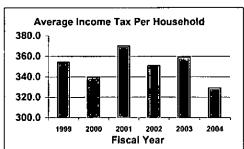

#### Description:

Property tax revenue should be considered separately from other revenues because it is a primary source revenue source. A decline or diminished growth rate in property taxes may be the result of overall decline in property value, default in property tax payment, inefficient assessment, or change in tax policy.

#### Income Tax Revenues

1999	2000	2001	2002	2003	Budgeted 2004
7,212,342	17,007,820	19,177,773	18,441,780	19,391,155	18,150,000
165.4	170.8	176.6	178.9	183.3	187.0
0,406,495	9,957,623	10,859,441	10,308,429	10,578,917	9,707,647
29,385	29,322	29,338	29,394	29,450	29,506
354.1	339.6	370.2	350,7	359.2	329.0
	10,406,495 29,385	17,212,342 17,007,620 165.4 170.8 10,406,495 9,957,623 29,385 29,322	17,212,342 17,007,620 19,177,773 165.4 170.8 176.6 10,406,495 9,957,623 10,859,441 29,385 29,322 29,338	17,212,342 17,007,620 19,177,773 18,441,780 165.4 170.8 176.6 178.9 10,406,495 9,957,623 10,859,441 10,308,429 29,385 29,322 29,338 29,394	17,212,342 17,007,820 19,177,773 18,441,780 19,391,155 165.4 170.8 176.6 178.9 183.3 10,406,495 9,957,623 10,859,441 10,308,429 10,578,917 29,385 29,322 29,338 29,394 29,450

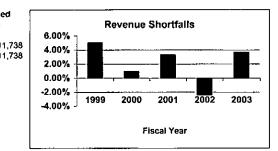

#### Description:

Income tax revenues are a major source of revenue to local governments. Income tax collections can rise based upon the rate or the amount of income.

#### **Revenue Shortfalls**

	1999	2000	2001	2002	2003	Sudgeted 2004
Actual Gross Operating Revenue Budgeted Gross Operating Revenue	53,712,050 51,013,766	54,726,888 54,214,327	58,597,550 56,667,669	58,299,617 59,710,108	61,459,452 59,217,729	59,911,73 59,911,73
Revenue Shortfall/Surplus  Revenue Variance As A Percent	2,698,284	512,561	1,929,881	-1,410,491	2,241,723	
Of Gross Operating Revenue	5.02%	0.94%	3.29%	-2.42%	3.65%	

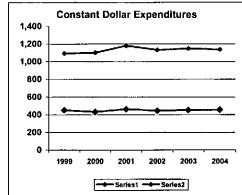

#### Description:

Measuring revenue estimates and actual revenues during the fiscal year will improve the estimating process. Major discrepancies that continue can indicate a changing economy, inefficient collection procedures, or inaccurate estimating techniques.

#### **Expenditures Per Capita**

	1999	2000	2001	2002	2003	Budgeted 2004
Net Operating Expenditures & Transfers	53,127,979	55,197,409	61,196,447	59,481,020	61,974,100	62,758,093
Consumer Price Index	165,4	170.8	178,6	178.9	183.3	187.0
Constant Dollar Expenditures	32,120,906	32,316,984	34,652,575	33,248,195	33,810,202	33,566,581
Estimated Population	71,162	74,930	74,930	74,864	74,798	73,800
Estimated Households	29,385	29,322	29,338	29,394	29,450	29,506
Per Capita Expenditures	451	431	462	444	452	455
Per Household Expenditures	1,093	1,102	1,181	1,131	1,148	1,138

Changes in per capita expenditures reflect changes in expenditures relative to changes in population. Increasing per capita expenditures can indicate the cost of providing the services is depleting the community's ability to pay especially if spending is increasing faster than residents' collective personal income. However, an increase in per capita may indicate the community is demanding and receiving more services than in the past years.

#### **Employees Per Capita**

	1999	2000	2001	2002	2003	Budgeted 2004
Number Of Full Time Employees Population	333.8 71,162	334.5 74,930	344.2 74,930	382.5 74,864	383.8 74,798	396.6 73,800
Number Of County Employees Per Capita	0.00469	0.00446	0.00459	0.00511	0.00513	0.00537

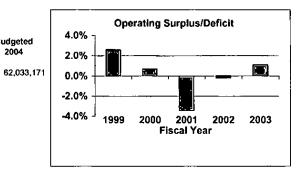

#### Description:

Personnel costs are a major portion of a local government's operating budget. Increasing per capita may indicate decreasing productivity or increased service level. Full-time employees exclude nursing home and sanitary district employees.

#### **Operating Surplus/Deficits**

	1999	2000	2001	2002	2003	Budgeted 2004
Gross Operating Revenues General Fund Surplus/Deficit	53,712,050 1,397,178	54,726,888 381,796	58,597,550 -2,009,350	58,299,617 -112,860	61,459,452 676,548	62,033,17
General Fund Operating Deficits/Surplus As A % Of General Fund Revenues	2.6%	0.7%	-3.4%	-0.2%	1.1%	

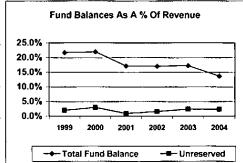

#### Description:

An operating surplus occurs when revenues exceed expenditures. This may happen due to efficiencles in providing services or a strengthening economy. The surplus will increase the fund balance which can be used for economic downturns or for one time expenditures. Fund balances and surplus will affect the credit rating of a local government. This in turn will impact the cost of future borrowing.

#### **Fund Balances**

	1999	2000	2001	2002	2003	Budgeted 2004
Total Fund Balance Unreserved Fund Balance	11,639,104 1,081,547	12,020,900 1,650,272	10,011,550 544,098	9,898,690 927,162	10,575,238 1,464,664	8,453,805 1,464,664
Gross Operating Revenue	53,712,050	54,726,888	58,597,550	58,299,617	61,459,452	62,033,171
General Fund Balance As A % Revenue	21.7%	22.0%	17.1%	17.0%	17.2%	13.6%
General Fund Unreserved Fund Balance As A Percent Of Revenue	2.0%	3,0%	0.9%	1.6%	2.4%	2.4%

The size of the fund balance indicates a government's ability to withstand a financial emergency. It can also impact the ability to finance long term purchases without borrowing. Some of the fund balance may be reserved for certain purposes and some of it may not be reserved for any purpose.

#### **Debt Service**

	1999	2000	2001	2002	2003	Budgeted 2004
Gross Operating Revenues Debt Service	53,712,050 5,131,805	54,726,888 5,389,352	58,597,550 6,170,405	58,299,617 4,935,779	61,459,452 4,870,889	62,033,171 4,818,754
Debt Service As A % of Revenues	9.6%	9.8%	10.5%	8.5%	7.9%	7.8%

#### Description:

Debt service is defined as the amount of principal and interest that a local government must pay each year. Increasing debt service reduces expenditure flexibility by adding to the government's obligations. Debt service can be a major part of a government's fixed costs and its increase may indicate excessive debt and fiscal strain.

#### **Capital Outlay**

	1999	2000	2001	2002	2003	Budgeted 2004
Total Capital Outlay Operating Expenditures And Transfers	459,504 53,127,972	419,262 55,197,409	344,905 61,196,447	416,365 59,481,020	456,973 61,974,100	836,015 62,758,093
Capital Outlay As A % Of Expenditures	0.86%	0.76%	0.56%	0.70%	0.74%	1.33%

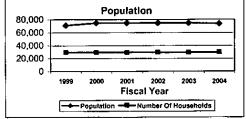

#### Capital Outlay 1.40% 1.20% 1.00% 0.80% 0.60% 0.40% 0.20% 0.00% 2000 2001 2002 1999 2003 Fiscal Year

#### Description:

Expenditures for operating equipment such as trucks and equipment drawn from the operating budget are usually referred to as "capital outlay." Capital outlay items normally include equipment that will last longer than one year and that has an initial cost above a significant minimum amount, such as five hundred dollars. Capital outlay does not include capital budget expenditures for construction of infrastructure such as streets, buildings, or bridges. The purpose of capital outlay in the operating budget is to replace worn equipment or to add new equipment. The ratio of capital outlay to net operating expenditures is rough indicator of whether the stock of equipment is being adequately replaced. Over a number of years, the relationship between capital outlay and operating expenditures is likely to remain about the same. If this ratio declines in the short-run (one to three years), it may mean that the local government's needs are temporarily satisfied since most equipment lasts more than one year. A decline persisting over three or more years can indicate that capital outlay needs are being deferred which can result in the use of Inefficient or obsolete equipment. The use of capital leasing as a financing method could give the impression that capital expenditures are declining.

#### Population

	1999	2000	2001	2002	2003	Budgeted 2004
Population	71,162	74,930	74,930	74,864	74,798	73,800
Number Of Households	29,385	29,322	<b>2</b> 9,338	29,394	29,450	29,506

#### Description:

Population change can directly effect governmental revenues. A sudden increase in population can create immediate pressures for new capital outlay and higher level of services. A decreasing population will result in fixed costs being paid for by fewer people. A decreasing population may also force the government to offer less services.

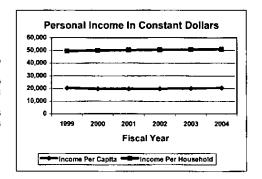

#### Personal Income Per Capita/Houshold

	1999	2000	2001	2002	2003	Budgeted 2004
Personal Income - Constant Dollars	1,450,130,000	1,462,900,000	1,471,400,000	1,479,900,000	1,488,400,000	1,496,900,000
Population	71,162	74,930	74,930	74,864	74,798	73,800
Income Per Capita - Constant Dollars	20,378	19,524	19,637	19,768	19,899	20,283
Households	29,385	29,322	29,338	29,394	29,450	29,506
Income Per Household - Constant Dollars	49,349	49,891	50,154	50,348	50,541	50,733

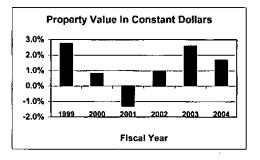

Personal Income Tax Per Capita is one measure of a community 's ability to pay taxes. The higher the per capita income, the more property tax, sales tax, income tax, and business tax the community can generate.

Property Value										
	1999	2000	2001	2002	2003	Budgeted 2004				
Market Value Of Real Property Consumer Price Index	1,908,270,840 165.4	1,986,596,538 170.8	2,027,094,175 176.6	2,072,981,398 178.9	2,158,322,043 183.3	2,202,888,261 187.0				
Property Value • Constant Dollars	11,537,309	11,631,127	11,478,449	11,587,375	11,774,807	11,782,293				
% Change in Property Value	2.8%	0.8%	-1.3%	0.9%	2.6%	1.7%				

#### Description:

Changes in property value are important because most local governments depend on the property value for a substantial portion of their revenues. The effect of declining property value on governmental revenues depends on the government's reliance on property taxes. The extent to which the decline will ripple through the community's economy affecting other revenues such as those from sales tax is more difficult to determine. Alt of the economic and demographic factors are closely related. A decline in property value will probably not be a cause but a symptom of other underlying problems.

#### **Unemployment Rate**

	1999	2000	2001	2002	2003	Budgeted 2004
Allegany County Employment Rate	7.2%	7.8%	7.6%	6.1%	6.4%	
State Of Maryland Unemployment Rate	3.6%	3.9%	4.1%	4.4%	4.5%	
United States Unemployment Rate	4.2%	4.0%	4.7%	5.8%	5.9%	

#### Description:

Changes in the unemployment rate are related to changes in personal income and are thus a measure of the community's ability to support its business sector.

#### **Unemployment Rate Comparison To State**

	1999	2000	2001	2002	2003	Budgeted 2004
Allegany County Employment Rate	7.2%	7.8%	7.6%	6.1%	6.4%	
State Of Maryland Unemployment Rate	3.6%	3.9%	4.1%	4.4%	4.5%	
United States Unemployment Rate	4.2%	4.0%	4.7%	5.8%	5.9%	
Ratio Of County To State Unemployment	2.00	2.00	1.85	1.39	1.42	

#### Description:

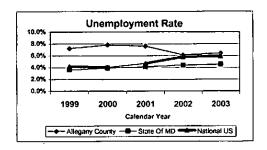

Changes in the unemployment rate are related to changes in personal income and are thus a measure of the community's ability to support its business sector. These changes can be a result of the national, state, or local economy.

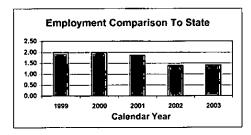

#### **Sales Tax Collections**

#### Description:

The level of business activity affects a local government's financial condition in two ways. First it directly affects any revenue yields that are a product of business activity such as those from sale or gross receipt taxes. Second, it has indirect influences. A change in business activity affects demographic and economic areas such as personal income, property value, and the employment base. Changes in business activity also tend to have cumulative effects. A decline in business activity can for example harm a community's employment base, income, and property value which in turn creates further decline in business activity.

Budgeted 2004

### **RESOLUTION NO. 04-12**

WHEREAS, the Board of County Commissioners n 2005 budget, and	nust adopt a budget by June 30, 2004 for the	the Fiscal Year July 1, 2004 – June 30,
WHEREAS, the Board, in accordance with states la proposed tax rates and to inform the public that the 's		
WHEREAS, the Board held a public preliminary bu	dget hearing on April 23, 2004, at 11:00	am. and sought additional public input
at their April 29, May 6, and 13, 2004 meetings; and		
WHEREAS, the Finance Director, at the request of	the Board, held budget hearings with all	County departments and the Allegany
County Commissioners held hearings with agencies	to review their requests and develop a bal	anced FY 2005 budget for the Board's
review and approval.	2000	
NOW THEREFORE BE TI RESOLVED E	V THE COUNTY COMMISSION	THE OFTALLECANY COUNTY
MARYLAND, THAT:		ALLEGANT COUNTY,
1. The Commissioners adopt the FY 2005 Operating	and Capital Budget, as modified and as s	ummarized in the attached list of funds,
in the amount of \$117,378,077		115511
2. The Commissioners hereby approve a revised Ar	pendix A (Allegany County Pay Range) to	o the Rules and Regulations Governing
Employees providing a cost of living increase of 2	15% and no increments.	# 11
3. The FY 2005 Budget reaffirms the County's Ca		ised May 1996. We remain within the
current self-imposed debt affordability standards.		/ <del>2    </del>
4. The FY 2005 General Fund Budget will increase		`//
5. The FY 2005 budget implements approved person	nnel adjustments.	e de la companya della companya della companya de la companya della companya dell
6. The FY 2005 budget fully staffs the Detention Co- dispatching and adds an additional Assistant State	enter, improves staffing needs at the 914 C	enter to facilitate the merging of police
7. The FY 2005 budget does not provide for some v	s Attorney to nandle an increasing number	er of prosecution cases.
8. The FY 2005 Tax Levy institutes tax differential	formula revisions based on the May 27/2	004 ruling by Circuit Court Judge Gary
G. Leasure. The County will use actual number	s instead of hudget numbers and will cea	use the double counting of revenues in
regard to parallel services.	المستقل المراث المستقل	ase the dodole counting of feverage in
Tagana to parameters.

#### **Debt Service**

Most capital expenditures are too expensive to pay for during a single budget year. Just as most homeowners finance their homes with mortgages, governments also secure long-term borrowing for certain projects. Financing a project over a period of years will also assess the taxpayers that use the project, therefore, current residents do not pay 100% for a project that has future use.

Interest rates for local government financing tend to be lower than commercial due to the low risk associated with the government's ability to repay the debt. Interest paid is tax exempt by the federal government and by the state of Maryland. In other words, the borrowing cost is less expensive for local governments. The debt is normally structured to coincide with the life of the project and before major renovation is needed.

<b>History Of True Interest Costs</b>							
<b>Bond Issue</b>	<b>Interest Cost</b>						
2001 PIB Refunding	3.85%						
1998 PIB	4.39%						
1997 PIB	5.14%						
1996 PIB	5.59%						
1995 PIB	4.77%						
1994 PIB	4.49%						
1991 PIB	6.10%						

#### **Bond Agencies And Allegany County's Rating**

Allegany County receives rating from two major bond credit rating agencies; Standard & Poor's (A-) and Moody's Investor Service (Baa1). These independent rating services rate organizations by evaluating their credit-worthiness. On February 24, 2000, Moody's Investor Service increased Allegany County's bond rating from Baa2 to Baa1 based upon the fiscal condition and policies of the County.

The chart below displays the various ratings each service provides:

Mood	-	Standard &				
Expande	d Scale	Poor's				
Previous	New	Rating				
Symbol	Symbol	Symbol				
Aaa	Aaa	AAA				
Aa1	Aa1	AA+				
Aa	Aa2	, AA				
	Aa3	AA-				
A1	A1	A+				
Α	A2	Α				
	A3	Α-				
Baa1	Baa1	BBB+				
Baa	Baa2	BBB				
	Baa3	BBB-				
Ba1	Ba1	BB+				
Ba	Ba2	BB				
	Ba3	BB-				
B1	B1	B+				
В	B2	В				
	В3	B-1				

Strongest bonds in A and Baa groups are designated as A-1 and Baa-1 respectively
Plus (+) and minus (-) signs may be added to show relative standing within major rating categories

Moody's Investor has refined its rating system to include expanded bond rating symbols. Numerical modifier 2 and 3 will be added to numerical modifier 1, used by Moody's since 1981 to distinguish issues that rank in the higher end of the rating category. Modifier 2 indicates the issue ranks in the mid-range of the category; modifier 3 indicates a ranking in the low range of the category. None of the modifiers will apply to issues rated Aaa, Caa, Ca, or C. Bond issues are rated Aa1, A1, Baa1, and B1 will remain unaffected by the expansion of symbols.

#### Debt Affordability Message F.Y. 2005 June 3, 2004

As part of the annual budget process, a five year capital improvement plan is developed in which numerous and varied capital requests from all sources are evaluated. A committee of Planning, Public Works, and Finance personnel meet along with the County Administrator to review and prioritize these requests and to develop a time frame of when and how much debt the county will incur to fund these projects based upon a debt affordability model.

The County Commissioners have imposed guidelines on the amount of general obligation debt which may be borrowed by the County to fund these projects. These five guidelines along with the self imposed limits are listed below with the projected ratios for fiscal years 2004 through 2006. The self imposed limits are at 90% of the maximum rate.

Projected Allegany County Ratios	Maximum Rate @ 90%	F.Y. 2005	F.Y. 2006	F.Y. 2007
1. G.F. Debt Service/G.F. Revenue	11.70%	7.20%	8.11%	7.43%
2. Debt/Capita	\$585	\$375	\$324	\$450
3. G.F. Debt Service/G.F.Expend.	13.50%	7.20%	7.95%	7.29%
4. Debt/Full Value	3.15%	1.02%	0.87%	1.20%

The current debt level is within self imposed limits. The current level of debt service will continue to strain future years' budgets but the County has significantly reduced the number of projects that would have required future bond funding. It should be noted that Allegany County committed to three years of no bond borrowing after the 1998 bond issue but it has been six years. The County is planning a December 2004 issue that will add some \$2.1 million of new debt funded by the General Fund. The County refinanced approximately \$9.2 million of debt in September 2001 in order to take advantage of lower interest rates. No new debt was issued or included in the September 2001 financing. The total savings on this refinancing is computed at over \$500,000 which will be realized over a 15 year period.

#### What Is Debt Affordability?

The County Commissioners have imposed voluntary guidelines on the amount of general obligation debt which may be borrowed by the County. Debt affordability computes the maximum amount of debt for the County.

#### What If The County Is Under Its Debt Affordability Limits?

When the County is under its debt affordability limits, the capacity for additional borrowing is available. It should be noted that if the County were to incur additional debt, the debt service payments on the new debt would take away from the amount the County could spend on appropriations for education, public safety, and other government services unless new revenues or tax increases are realized.

#### What Debt Affordability Factor Constrains The County The Most?

The factor that constrains the amount the County may borrow is debt per capita. The County's self imposed limit is \$585 per resident.

#### **Does The County Count Prisoners In The State And Federal Prisons?**

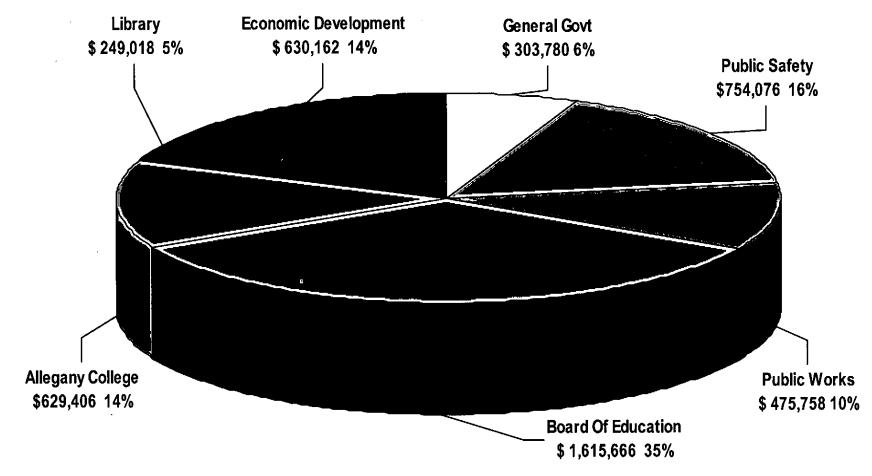

In the early 1990's a federal prison and state prison located within the County. During the 2000 census, there were approximately 3,000 prisoners in these facilities. While the County recognizes the positive economic impact of these facilities, the County does not count these residents when running debt affordability models because of the minimal income taxes prisoners pay. If the County did count prisoners, approximately \$1.8 million could additionally be borrowed. The County has adopted the most fiscal conservative stance in this matter relating to debt management.

#### **How Long Does It Take The County To Pay Off Debt?**

The County has historically used a 15 year term to payoff debt.

## **Allegany County, Maryland**

June 3, 2004

#### TAX LEVY AND DIFFERENTIAL

#### **Real Property**

The State Tax Rate has been fixed by the Board of Public Works of the State of Maryland at 13.2 cents (\$0.1320) per \$100 of assessable real property subject to such tax which added to the non-city tax rate of \$1.0007 dollars (\$1.0007) makes a total of \$1.1327 on each \$100 of assessable non-city property subject to such tax.

#### **Personal Property**

The State Tax Rate has been fixed by the Board of Public Works of the State of Maryland at 0.0 cents (\$0.00) per \$100 of assessable personal property subject to such tax which added to the non-city tax rate of \$2.5018 dollars (\$2.5018) makes a total of \$2.5018 on each \$100 of assessable non-city property subject to such tax.

#### **Public Utilities**

The State Tax Rate has been fixed by the Board Of Public Works of the State of Maryland at 0.33 cents (\$0.3300) of assessed value of the property of public utilities subject to such tax which added to the non-city tax rate of \$2.5018 dollars (\$2.5018) makes a total of \$2.8318 on each \$100 of assessed value of property of public utilities non-city property subject to such tax.

In compliance with the provisions of Section 6-302 and 6-305 of the Tax Property Article of the Annotated Code of Maryland, the following tax rates will be levied in the municipalities in Allegany County:

	Real Property	
	<u>Differential</u>	Adjusted <u>Levy</u>
Barton	\$0.0283	\$0.9724
Cumberland	\$0.0759	\$0.9248
Frostburg	\$0.0702	\$0.9305
Lonaconing	\$0.0490	\$0.9517
Luke	\$0.0523	\$0.9484
Midland	\$0.0283	\$0.9724
Westernport	\$0.0490	\$0.9517

Personal Property  & Public Utilities									
<u>Differential</u>	Adjusted <u>Levy</u>								
\$0.0708	\$2.4310								
\$0.1898	\$2.3120								
\$0.1755	\$2.3263								
\$0.1225	\$2.3793								
\$0.1308	\$2.3710								
\$0.0708	\$2.4310								
\$0.1225	\$2.3793								

The Board of County Commissioners is, by authority of Section 10-301 of the Tax Property Article of the Annotated Code of Maryland, establishing a discount rate as follows: One percent (1%) shall be deducted from real property tax bills for County purposes which are paid in a full annual payment during the months of July and August. No discount will be provided on such tax bills during the month of September nor will any discounts be allowed on any other payments including personal property. Interest at the rate of one and one-half percent (1 ½%) per month, or fractional part thereof, shall be charged from the first day of October on full-year property and after thirty (30) days on half-year new construction property as allowed by Section 14-603 and Section 14-604 of the Tax Property Article of the Annotated Code of Maryland. On owner occupied residential real property, interest of one and one-half percent (1 ½%) per month shall be charged from October 1<sup>st</sup> on coupon number one (1) and January 1<sup>st</sup> for coupon number two (2). Furthermore the rate of redemption is eighteen percent (18%) per annum as allowed by Section 14-820 of the Tax Property Article of the Annotated Code Of Maryland.

## **State Of Maryland**

## **Allegany County, To-Wit:**

Chapter 261 of the Acts of 1918 of the Public General Laws of Maryland, provided that no discount will be allowed on State taxes. Interest at the rate of one percent (1%) per month will be collected from October 1<sup>st</sup>.

The Collector of Public Assessments of Allegany County, Maryland for the year July 1, 2004 through June 30, 2005 is hereby authorized and empowered to demand and receive from the non-city taxables of Allegany County the sum of \$1.1327 dollars (\$1.1327) on real property, the sum of \$2.5018 dollars (\$2.5018) on personal property, and the sum of \$2.8318 dollars (\$2.8318) on public utilities for One Hundred Dollars assessable non-city property subject to such tax, and the sums set forth herein for all assessable property located in each of the municipalities in said County and State, including State Tax rate as fixed by the Board of Public Works, agreeable to the Public General Laws of Maryland, in relation to collection of taxes on said assessments in Allegany County, Maryland.

Given under our hands and seal this 3rd day of June, 2004.
